The Canyon News

VOLUME NUMBER XXXVII. CANYON, TEXAS, THURSDAY, SEPTEMBER 14, 1933. NUMBER 26

WORK STARTS ON THREE HIGHWAY PROJECTS

CANYON BOY GOES WITH BYRD EXPIDITION

JOE HILL, JR. WILL GO TO SOUTH POLE

Selected By Admiral at Boston For The Trip

SAILS NEXT TUESDAY

Son of College President Only Texas Boy on Expedition

Joe Hill, twenty-year-old Canyon lad, son of President J. A. Hill of the West Texas State Teachers College, and Mrs. Hill, will be one of the members of the Byrd Antartic Expedition II, which will sail on September 25 for a two-year sojourn in the icy region which surrounds the South Pole.

More than a year ago, while his parents were away from home, Joe Hill wrote to Admiral Byrd, telling of his great interest in aviation and of his desire to go on the next expedition to the Antarctic. He was told that the expedition had been indefinitely postponed and in September 1932 he enrolled at the University of Texas, almost dismissing the expedition from his mind.

Nothing more was heard of his application until August 9th of this year when a brief post card communication, signed by Dr. Guy O. Shirey, physician and chief Personnel Officer for the expedition gave him formal notice to appear in Boston for physical examination if he were still interested; in long hand, on the corner of the card appeared the personal message: "Personnel is now being selected; can you see me? I like your letter and recommendations."

Joe was attending the summer session of the West Texas State Teachers College when the notice came, and wrote Dr. Shirey that he did not wish to sacrifice his summer's work on an uncertainty; he asked if he might appear for examination September first and received permission to come to Boston on that date. On August 24 he celebrated his twentieth birthday, his trip to Boston and the possibility of his going to the bottom of the world being the constant topic of conversation of the occasion. On August 25 he started to Boston.

At home, President and Mrs. Hill were happy that their son was to have the trip to Boston and an opportunity to meet Admiral Byrd, his hero since early childhood, but they could not think seriously that Joe might be chosen to go. The

Randall County to Not Exhibit Products at the Fairs

For the first time in 15 years, Randall county will not have an exhibit at the Tri-State Fair or at the Dallas Fair. County Agent W. H. Upchurch has the responsibility of the wheat allotment plan which promises to return $290,000 to the farmers of Randall county. This work will not be completed before the end of the month. Mr. Upchurch did not have time to do both jobs, and therefore will not exhibit at Amarillo.

Randall county has won more firsts at the Tri-State Fair than any county on the Plains. However, all competition has been eliminated for this year. Counties are asked to bring any sort of an exhibit and place it on display. $25.00 will be given to those counties which have an exhibit, but owing to the cost of assembling such an exhibit, and the great importance of the wheat deal, the premium was not worth considering. Furthermore, Mr. Upchurch was convinced that the exhibit from Randall county would be far below par and did not wish to sponsor such a display which would not do justice to the county.

R. C. Coleman Is Buried Here; Dies From Auto Accident

R. C. Coleman was buried Saturday at Dreamland Cemetery. He died Thursday in Colorado Springs, having been hit by an automobile a month ago.

He was a brother of O. L. Coleman, formerly of Canyon, but now of Dallas.

Buffalo Training Camp Is Started

35 MEN ARE WORKING IN BUFF HERD

Coach Al Baggett Starts Season With Good Material

DAILY GRIND STARTS

Hard Training Period to Get Men in Shape for Season

Football is on in Canyon, with daily practice under way at Buffalo Park.

Thirty-seven experienced men reported to Coach Al Baggett Monday and settled down to a period of hard training in order to get in condition for the opening game with Southwestern Teachers Friday of next week.

The first of the week proved to be a real test for the prospective Buffaloes. Hot weather prevailed, which sappd the men as they were pushed from one formation to another by the new coach. Every department of the game is being given the men this week owing to the short period of preparation. With cooler weather yesterday, the

(Continued on last page)

Blanks Are Ready For Farmer Feed and Seed Loans

Government feed and seed loan loan blanks have been received, and applications may be made by farmers with W. C. Black at the First National Bank.

Hundreds of loans have been received by farmers of Randall county for feed and seed purposes, and those who will need loans for planting wheat this fall are asked to make application with Mr. Black. Other members of the committee are T. C. Thompson, R. O. Allison and W. H. Upchurch.

Second Series of Wheat Meetings

Officers Will Be Named By Farmers Who Have Signed

The first series of meetings on the wheat allotment plan was completed at Hyland School last nght, and the second series will start Friday night at the Sunny Hill school.

County Agent W. H. Upchurch states that about two-thirds of the wheat farmers who are eligible have signed the agreement. No time limit has yet been set for Texas, but since Nebraska's time limit has been announced as Sept. 15th, Mr. Upchurch believes that very little time yet remains for the farmers to come into the plan. He hopes to complete this work by Sept. 30th.

The meetings the past week have been very successful. The farmers have become better acquainted with the plan, and the work has been much faster as a result of the series of educational meetings which have been conducted. Mr. Upchurch hopes that all who have not signed and wish to participate shall do so at once.

Beginning Friday nght, the nine communities of the county will be visited again in the same order as the first meetings were held. In these meetings, the farmers who have signed the agreement will elect committeemen to superintend the organization. The county organization will have complete charge of the allotment plan. All farmers may attend the second series of meetings, but only those who have signed up will have a vote.

The following will be the order of meetings:

Sept. 15, Sunny Hill.
Sept. 18, Ralph.
Sept. 19, Jowell.
Sept. 20, Umbarger.
Sept. 21, Court House.
Sept. 22, Stone.
Sept. 25, Park.
Sept. 26, Trigg.
Sept. 27, Hyland.

Ex-Service Men May Enlist in C. C. C. For Next Six Months

Postmaster Oscar Hunt has notice that Randall county ex-service men may enlist in C. C. C. work for the coming six months. Enlistments must be completed by September 30th.

Recruiting offices are maintained in Texas at Dallas, Fort Worth and Wichita Falls.

In the first call, no ex-service man from Randall county enlisted, but several have shown interest in the second call.

Report from the Palo Duro Park indicates that about 90% of the present enlistment will continue in service.

WITHERSPOON IS SERVING AS JUSTICE OF PEACE

During the illness of J. L. Prichard, B. E. Witherspoon is acting as justice of the peace in precinct No. 1, on appointment from the Commissioners Court.

Mr. Prichard is reported to be improved, but will likely be confined to his home for some time to come.

Training School Is Not Filled

Contrary to reports which have been circulating recently, the Training School at the College is not filled, announcs Supt. F. E. Savage. Only the sixth grade is closed, there being a number of vacancies in the other grades and in the high school.

There are no fees at the Training School this year.

Mr. and Mrs. Alfred Bellah, and Mr. and Mrs. R. A. Bellah motored to Mineral Wells Friday where Mrs. R. A. Bellah entered a sanitarium.

Porter Pierce is away on a vacation trip this week.

SCHOOLS OPEN OVER COUNTY THIS MONTH

Approximately 500 Students Enrolled in the Rural Districts

CHANGES ARE MADE

Canyon and Happy Receive Students From Districts

Some 500 students answered the school bell last Monday morning when the 17 county schools in Randall County officially started their school year or made preparations for enrollment. Several changes have been made in the districts, announced Judge S. B. Orton, county superintendent. The Garrison school has been combined with the Happy Public School system as has a large portion of the Sunny Hill School. Rex Roby who has formerly taught at Sunny Hill becomes a member of the Happy school faculty and Mrs. Roby continues at Sunny Hill.

The Rusk school has been combined with the Training School of the West Texas State Teachers College. All of the schools, with the exception of Palo Duro, are open or will open at the beginning of next week.

The schools and their personnels are as follows:

Tierra Blanca, Miss Ethleen Wofford.

Umbarger, Sister Mable Grace La Perche; Sister Julia Patricia Kennedy.

Connelly, Miss Bessie Birdwell.

Wilson, Miss Oressa Hastings.

Fairview, Miss Opal Nelson; Miss Vivian Caruthers.

Red Cross Gives $50 to Sufferers of Valley Storm

The Randall County Red Cross Chapter has donated its quota of $50 to the sufferers from the Rio Grande valley storm of last week, according to a statement by N. E. McIntire, chairman.

As soon as the request was made for the $50, Mr. McIntire and C. H. Jarrett, former president, made a round of the square and soon had the donations. Randall county was one of the first counties to announce the completion of the quota.

RELIEF WORK WILL FURNISH JOBS TO MANY

100 Men Started on Hill North of Canyon Monday

HIGHWAY TO PARK

Red Tape Cut, and Immediate Action is Ordered

Three highway projects in Randall county comes under the relief program, which will put hundreds of men to work in the county.

Orders from Washington Saturday cut all red tape, and division highway officers were urged to get men to work on the projects by Monday. As a result 100 men from Amarillo were at work on the hill north of Canyon by Monday afternoon, and 100 or more will be at work south of Canyon today, if plans are completed.

The three projects cover the highway north and south of Canyon and the building of a new highway east to the Palo Duro Park.

First work north of town is the widening of the right-of-way on the hill, and widening the grade, which is considered very dangerous. A 300 foot right-of-way is asked over the hill section, and the cut will be widened by hauling the dirt to the fill on both sides of the bridge.

It is planned to put a shoulder 5 to 6 feet wide on both sides of the concrete pavement, which will be topped with asphalt and gravel, the same as the highways south and west of Canyon. This section of highway carries the heaviest traffic of any pavement in the Panhandle, and widening the grade will eliminate much of the danger now confronting traffic. It is estimated that 600 men and several hundred trucks will be used on the project, all coming from relief headquarters in Amarillo.

The project south of Canyon calls for filling in the old dump ground at the creek, and making a park. The channel of the creek will be straightened so that dangers of overflow will be avoided. This project will take care of all RFC workers in the county for several weeks.

In the meanwhile plans are rapidly developing on the new highway east from Canyon. The four Commissioners and Judge S. B. Orton surveyed this highway last Wednesday, entering the order for a 100 foot right-of-way, and by Saturday had practically all resident land owners signed up with deeds to the state for this right-of-way. Proceedings are started to secure the right-of-way from

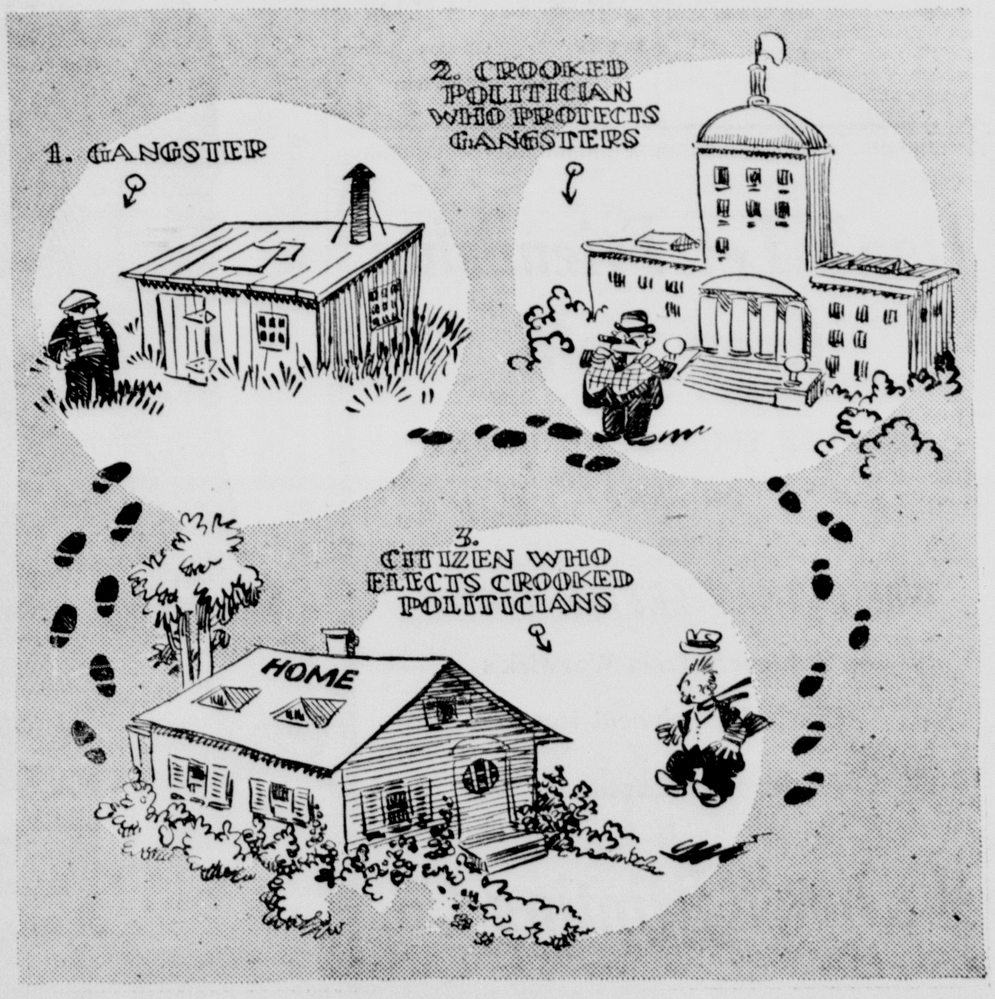
TRACKING DOWN THE PUBLIC ENEMIES.



Home Demonstration Clubs to Hold Contest

Exhibit For County Will Be Selected Tuesday and Wednesday

Home Demonstration Clubs of Randall county will hold a county exhibit at the court house next Tuesday and Wednesday for the purpose of selecting an exhibit to take to the Tri-State Fair at Amarillo, and to the Dallas Fair. The club exhibit will be the only exhibit from Randall county at these fairs.

All of the clubs of the county will bring their exhibits to the court house and arrange them on Tuesday. Miss Margie Lyon, home demonstration agent from Panhandle, will judge the exhibits on Wednesday.

Miss Sadie Kate Bass invites the people of Canyon and Randall county to visit the exhibit next week, which will be in the federated club room.

The 4-H girls of Randall county will put on their exhibit at the same time.

PLEAD GUILTY TO CHARGE OF ASSAULT

E. B. Whitley is in jail laying out a fine imposed for assault. Sheriff Bob Barnett made the arrest Thursday when called to the Whitley home. Whitley plead guilty when arranged before B. E. Witherspoon, justice of the peace.

Checks Ads Before Buying

"I never buy without checking the grocery ads," stated a prominent citizen Saturday who came to the News office for a copy of the News. "The grocery advertiser always gets my business."

Hundreds of other Randall county citizens are like the above man.

They read closely the advertisements and then patronize those who are inviting their trade through advertising.

W. T. Will Open 24th Year Tuesday

Plans Completed for Opening of the New Fall Session

The College will open its twenty-fourth annual long session on next Tuesday, the faculty meeting for the first time on Monday afternoon. In the absence of President J. A. Hill, Dean R. P. Jarrett will have charge of this meeting.

While many other students will be in town by that time, only Freshmen will be enrolled on Tuesday, September 19. All other students will be enrolled on September 20, and work will get under way immediately.

The semester plan will be adopted by the College this year for the first time. This plan will bring the local institution in line with the organization of the leading universities and colleges of the entire country. In order to meet the unusual conditions which prevail in this region the plan has been modified this year, by arranging a split semester, nine weeks in length. This was done in order that students would not have to pay such heavy fees at one time, and to enable those who could come for only a short period of the year to complete the work which they began. The modified plan is being highly complimented by students and parents all over Northwest Texas, as many of them consider it the only arrangement which would make college attendance possible for many boys and girls.

Private and semi-private lessons in music and speech are being offered with payment by the month, thus helping students interested in these fields. Board and room in dormitories may be paid for by the month also.

While much time has been spent by the college authorities working out ways and means to save money for students, there has at the same time been a general movement toward higher standards of work in every department. There will be fewer easy courses this year than ever before, if Dr. Hill's instruc-

SUBSCRIPTION $1.50 PER YEAR
(A special rate of $1.00 per year is effective to January 1, 1934.)

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

PANHANDLE MEMBER PRESS ASSOCIATION 1933

Now comes the news that Jim Ferguson will support C. C. McDonald of Wichita Falls for Governor, and that Ferguson will be a candidate against Senator Tom Connally next year. But political prophets have made other mistakes about Jim Ferguson. He is the foxy old boy who is found in the place his enemies least expect. If the Ferguson machine succeeds in getting control of the $20,000,000 relief money, you may expect to see Mrs. Ferguson a candidate for re-election. The powerful machine Ferguson has been able to build up through the relief work would come in handy in any campaign next year.

The road building program of the Panhandle swung into high Monday with the announcement from Washington to cut out the red tape and get into action. As a result many Randall county citizens who need work will be given an opportunity to work. Road projects north, south and east of Canyon will soon be underway, which will bring to completion the system of highways in Randall county which has been planned for several years. The present plans for highway construction and completion is most gratifying to the citizens of the county.

Texas has $120,000,000 in delinquent taxes. If steps were started to collect these taxes, and the people knew that the state meant business, a large part of this delinquency would be wiped out. The state could take care of all deficits, and pay the $20,000,000 relief which has been approved by the people of Texas with a collection of only 27% of these delinquent taxes.

"Keep a student," is the great plea in Canyon as hundreds of young people come seeking some kind of employment in order to enter the College. Hundreds of additional students could be added to the enrollment if jobs could be secured. If you do not have a student to help with your work, now is a good time to help some worthy boy or girl secure a college education.

Harvey Bailey complains mightly that he is chained in his cell, facing machine gunners at every minute of the day and night. Other crminals may take warning that the federal government means business in the fight against crime. The treatment that Bailey receives is royal in comparison to that meted out by Bailey and his gang to their various victims.

Governor Miriam Ferguson made "refrigeration at the mansion" one of the subjects for the special session which meets today. Looks like Ma and Pa were getting ready to serve some of the legalized cold ones.

Plan Your Wardrobe for the Early Fall

A DARK SILK DRESS IS ANSWER TO PROBLEM OF WHAT TO WEAR DURING SEPTEMBER—"IN-BETWEEN" MONTH

BY HARRIET

NOW is the time to plan your wardrobe for late September and October

The in-between season need cause you no worry or trouble if you do a little diligent shopping before Labor Day. September really is an in-between season It's too warm to start wearing woolen dresses or fall suits, yet the season demands that you put aside your summer prints and linens and cottons. Even though the September sun may beat mercilessly down upon your head, the wise girl knows that it must not shine upon a summer dress. The dress can be a cool one but it must bear all the earmarks of a fall costume.

The dark silk dress answers the problem. After all, black silk can't be much hotter to wear than the pastel silks. And it is definitely a fall style.

You can build your whole in-between season wardrobe around a black dress. The dark accessories can be carried over to be worn with your fall suit which you'll need along about the first of October.

For October brings to a close the in-between season. And fall really begins. Then you'll need a suit.

Nothing is more practical than a suit for the girl who goes to business. It pays to get a good one so you can wear it all winter in the office. Blouses give variation to the costume.

And, when it is too cold to wear the suit alone and you don a winter coat, remember that a couple of sweaters take the place of the blouses.

Time was when sweaters were considered only for sports wear. All that is changed these days and modified sports clothes are worn by all well-groomed business women.

With the dark-colored silk September frock and the wool October suit, you have the nucleus of a well-turned-out winter wardrobe. Everything can be built around these two outfits.

It stands to reason that your panama hat and white shoes won't do at all once you have become fall-minded. If you attempt to wear these summer accessories with your new in-between frock, you'll defeat your whole purpose.

Get some dark kidskin shoes to wear with the dark dress and top it with a little fall hat of felt, satin or velvet.

Photos courtesy Milgrim, New York City.

Excellent for early fall use is the black crepe afternoon frock trimmed with silver-dotted black bengaline ribbon. The velvet beret and the black kid shoes have touches of silver in them. At right is an early fall suit of dark red wool with wide shoulders and black shaved lamb collar.

A BLACK crepe frock which answers the in-between season wordrobe question is trimmed with silver polka-dotted black bengaline ribbon.

The dress is cut perfectly straight with side pleats in the skirt which allow for fullness. The sleeves are raglan.

The outfit features the new high neckline and ribbon trimming.

The hat is black velvet and the pumps, with interesting cut-outs, piped in silver to match the dots of the ribbon, are black kidskin.

An early fall suit in a new shade of dark red wool has wide shoulders and a black shaved lamb collar.

It's the kind of a suit that will stamp you as a smartly-groomed woman. Besides, the skirt is one of those handsome, pleated practical ones which can be worn with blouses and sweaters.

The beret is of the same material as the suit and the shoes and gloves are black kid.

To Help Round Up a Zoo

Marian Pettis, above, will realize a life-long wish to watch big game hunts when she accompanies George Bistany on his impending trip into the tropics after animals for San Francisco's Fleishhacker Zoo, of which he is director. Miss Pettis is secretary to Bistany.

The boy seeking success will do well to understand that it doesn't consist in sitting up at night nearly as much as it does in being wide-awake in the day time.

Life would still be happy for those citizens who do go to the World's Fair if other people would not insist on coming home and talking about it.

Your wife, as well as your sins will find you out.

Notice to Taxpayers

In compliance with the recent laws passed by the 43rd Legislature, regarding "Delinquent Taxes," I wish to call your attention to the following plan provided by the Bill:

All State and County taxes delinquent on or before February 1st, 1933, if paid before October 1st, 1933, will take only 1 per cent penalty and NO INTEREST.

If they are paid after October 1st, 1933, and before December 31st, 1933, they will take 2 per cent penalty and NO INTEREST.

If they are paid after December 31st, 1933, and before March 31st, 1934, they will take 4 per cent penalty and NO INTEREST.

If they are paid after March 31st, 1934, and before June 30th, 1934, they will take 6 per cent penalty and NO INTEREST.

YOU WILL SAVE MONEY BY PAYING YOUR DELINQUENT TAXES.

R. N. Barnett
Tax Collector, Randall County.

gate, only to learn afterward that a poor deal has been made.

In each community there are men whose investment counsel can be had for the asking and who have no particular interest in the marketing of any type of security. Oftentimes the advice which they give saves many dollars and all who are approached by salesmen should seek their counsel before acting.—Reporter, Walty, N. Y.

THE STRENGTH OF THE WEEKLY PAPER

Of late years there has been a growing realization of the permanent value of the community newspaper. Those who read them have always realized their worth. But time was when those who viewed from afar were inclined to look with distain upon the weekly press as compared with the daily, particularly the large city daily.

It cannot be wholly accidental that during the past decade there have been so many articles in the national magazines and so many studies which call attention to the growth, both in size and influence, of the community newspaper.

The great daily newspapers of the cities have been forced to give more and more of their space to national and international affairs. Their readers have demanded this coverage. These dailies have responded to the demand with thoroughness and intelligence. Today they are printing more and better news of the world at large than ever before in the history of journalism.

But because of this they develop the town and the countryside news has had to be neglected. Side by side with the demand for national and international news is that for knowledge of one's friends, ones' acquaintances, ones' neighbors. This is the particular field of the community weekly, and it is in the fulfilling of this demand—neglected by the dailies—that it has risen to new heights of achievement.

It is doubtful if the county publishers have availed themselves of their opportunities even yet. The community newspaper is destined to enlarge its audience steadily, thereby inevitably increasing its own stability and influence. It is no longer a choice between the city daily and the community weekly. Readers need both.—Herald-Statesman, Columbia, Mo.

European parties are named the Blue Shirts, Brown Shirts and Black Shirts. Times can't be so tough over there—at least they still have their shirts.

THINK IT OVER

If a person owned a piece of real estate, which was gradually decreasing in value, he would not exchange it for other land, which he knew nothing about and which he had never seen, merely on the advice of a salesman. If he did not take the time to look into the value of the land which he was to receive in the swap his family would begin to think that he was in need of a guardian. But many men who would be careful and distrustful when approached with a deal in some kind of tangible property are like clay in the hands of smooth talking security salesmen who want them to exchange securities they have for ones that the salesmen are selling. Time after time men in this community have taken the advice of salesmen instead of taking time to investi-

Wayside Items

Rains have been generous, but farmers think they are needing more. Light showers are falling in places.

Prospects for row crops are promising. Quite a few have in considerable acreage. Gardens have improved much since the rains. Few are enjoying roasting ears, some are canning corn.

Heavy rains prevented the Armstrong County Agent from reaching Wayside Monday morning. Wheat Growers Association is meeting at the church Tuesday morning. Quite an interest is being shown by the citizens for miles around.

Picnic on the canyon Thursday night by Mrs. Edith Harrell for her Sunday School class.

School progressing nicely. Thirty-eight pupils enrolled.

Ferris Pounds and family are expecting to leave for Wheeler county in a short while.

Game of baseball between Canyon and Wayside Sunday afternoon, resulting in Wayside's favor, double score.

Mrs. Josie Mayo, J. E. McGehee and wife were dinner guests at Mrs. W. I. Lane's Sunday.

Roy Franklin, wife and Gloria Jean have moved in with Mrs. Etta Gillham, where he will get employment. Mrs. Gillham may move to Pampa later where her children are in school.

Irving So Relle and family have moved to Canyon.

M. E. Counterman and family of Happy visited the Sluder home Sunday afternoon. Eva Marie is doing well.

Henry Hamblen suffered a blow from a baseball Sunday which is giving him trouble.

Fannie May Franklin lost four days from school the first week from a severe rising. Had Dr. McFarland lance it, much improved, she expects to enter school.

Mrs. G. W. Mayo visited Willis Fisher, Mrs. Ada Hamblen, Mrs. Bessie Lane, and Sunday afternoon went to Mrs. Serena Bryan's. The two ladies will visit Happy friends this week.

Lakeside News

Mr. and Mrs. Jack Foster and family spent Sunday with Mr. and Mrs. G. G. Foster of Canyon.

Mrs. Fred Fegel, Mr. and Mrs. Jess Haynes and Miss Leah Eubanks went to Amarillo Monday.

Mrs. Frank Garrett was a business caller in Canyon Tuesday morning.

L. T. Campbell was a business caller in Amarillo Friday.

Mrs. Frank Garrett was a visitor in the Lakeside school Tuesday afternoon.

Miss Cora Mae Clark of Tulsa, Okla., is visiting Miss Gwynfred Fegel.

Mr. and Mrs. L. T. Campbell and family were visitors in the W. H. Upchurch home Sunday afternoon.

Miss Jean Garrett visited in the Lakeside school Tuesday.

Misses Gwen, Gene and Fern Byars visited with Misses Marie and Mary Stallings Sunday afternoon.

Mr. and Mrs. George Schneider and son, Bernard, were in Amarillo on business Saturday.

Mrs. Graves transacted business in Canyon Saturday.

Mrs. Winnie Gibbs was the guest of Mrs. Nannie Myers of Canyon Tuesday night.

Mr. and Mrs. Albert Byars were shopping in Canyon Saturday.

School is progressing nicely. Thirteen pupils have been enrolled thus far.

Rusk Quizzes

Everyone is quite busy at this time plowing and sowing their wheat land.

Miss Bertha Sykes left Monday. She is working in Canyon.

Richard Wright spent Saturday night in the O. A. Smith home.

Leona Dawdy and her mother spent Wednesday night in the H. Dawdy home.

Mr. and Mrs. J. T. Sykes and daughter were callers in Canyon Sunday.

A man may be able to trade his reputation for money, but he can't trade back.

The Place of
Advertising
in National Recovery

"Good Advertising Will Help Industry Return America to Better Times."
---Franklin D. Roosevelt

From Address by
GEN. HUGH JOHNSON

"Advertising is certain to be an important factor in the new industrial relationships established under the terms of the act (NRA). "Good advertising will become more essential than ever. It will be in a position to help the business executive avoid those wasteful and expensive practices in selling which so often add needless cost to needed products. Good advertising is opposed to senseless price cutting and to unfair competition. These are two business evils which we hope to reduce under the new plan of business administration.

"Constructive selling competition will be as strong as ever and there will be great need for aggressive sales and advertising efforts. The only kind of competition which is going to be lessened is the destructive, cutthroat kind of competition which harms industry and the public as well.

"What we are going to need more than ever is energetic, honest efforts to sell goods to people who are to use them. . . . We must all work together.

"In doing this, of course, we will be helping to bring trade back to normal levels. Above all, we shall be working toward the re-employment of millions of our fellow-Americans."

A clean white page is turned—a new season, new hopes, new ambitions. President Franklin D. Roosevelt says that good advertising will help industry to return America to better times.

That is the kind of advertising The Canyon News is preparing to give its customers. The foremost advertising services in the world are at your disposal in The News office, and experienced advertising writers are ready to make it applicable to your business.

The watchword among buyers is buy now, buy under the Blue Eagle and buy to the limit of your present needs. To match that movement the merchant should advertise now, and advertise to the limit of his customer's needs. That need is tremendous, and the merchants who first invite the privilege of filling those needs will find their efforts rewarded many fold when the material aspects of the recovery program begin to manifest themselves in Randall County.

Start now. Business goes where it is invited and stays where it is welcome.

THE CANYON NEWS
A County Builder for 37 Years

You may at times forget to add a needed quart. This slip of memory may be forgiven, if you use Conoco Germ Processed Motor Oil, for the 'Hidden Quart' extends its protection to cover the lapse, and gives extra miles to safely reach the next Red Triangle Station.

This exceptional lubrication is brought about by the Germ Process—exclusively Conoco's patented formula. By adding extra oiliness and penetrativeness to the very highest quality motor oil, complete protection is achieved.

With all these qualities, the total cost of this oil is low . . . five miles for a penny.

MRS. M. L. SADDORIS ENTERTAINS JR. WOMEN

The Junior Woman's club met Monday afternoon in a combined business and social meeting at the home of their president, Mrs. M. L. Saddoris, 1104 Fourth Avenue.

During the business session Mrs. Herschel Jennings was elected secretary, Mrs. Levi Cole was re-elected reporter, and Mrs. Lorenzo Wirt was chosen critic and parliamentarian. Other officers who were chosen before the close of the club year in May were: Mrs. Saddoris, president; Mrs. W. E. Miller, vice president, and Mrs. J. Madison Daugherty, treasurer. The resignations of Mrs. Claude Moore and Mrs. Ben Pearson as club members were accepted.

At the refreshment hour the guests were shown into the dining room which was marked with colorful bouquets of fall flowers. The tea table was laid in amber glass and was presided over by Mrs. Forrest Ferrell. Guests included: Mrs. J. B. Fowler, Mrs. Aubrey Fox, Mrs. Lorenzo Wirt, Mrs. Carl Scott, Mrs. Herschel Jennings, Mrs. W. E. Miller, Mrs. J. Madison Daugherty and Mrs. Levi Cole.

REBEKAHS MEET TUESDAY EVENING

The Canyon Rebekah lodge met in regular weekly meeting Tuesday evening. Routine business was conducted. Mrs. Dolly Taylor was welcomed back into the organization after an absence of several months. The social planned for Tuesday, September 19, was postponed to an October date.

It was urged that all members be present at 7:30 o'clock at the meeting next Tuesday.

PROGRAM FOR COUNTY DEMONSTRATION AGENT

Miss Sadie Kate Bass announces the following program for the county home demonstration office for the week beginning Sept. 18:

Monday, Sept. 18, Lakeside.
Tuesday, Sept. 19, Office.
Wednesday, Sept. 20, County Exhibit and judging.
Thursday, Sept. 21, Amarillo, judging at Tri-State Fair.
Friday, Sept. 22, Edgetown.
Saturday, Sept. 23, Council.

JOWELL CLUB MEETS WITH MRS. DAVIS

The Jowell Home Demonstration club met Wednesday afternoon with Mrs. Earl Davis as hostess. A round table discussion was held on the Randall County Home Demonstration Exhibit to be held soon.

During a short business session Mrs. Earl Burtz was elected council member to take the place of Mrs. Inman who has recently moved away.

Candies were served by the hostess to the following members and visitors: Mrs. Lewis Hinders, Mrs. H. F. Garvin, Mrs. Bill Simms, Mrs. Earl Burtz, Mrs. T. B. Cox, Mrs. C. W. Fewell, Mrs. A. L. Glenn, Mrs. V. E. Dodson, Mrs. Henry Burtz and Mrs. C. B. Fewell.

The club will meet with Mrs. Simms this afternoon with Miss Bass present to assist in demonstration work.

PARTY AT DICKINSON HOME SATURDAY NIGHT

Mr. and Mrs. John Dickinson entertained with a bridge party Saturday evening at their home six miles north of the city. Five tables were placed for the games in rooms where a color scheme of green and white was attractively developed. Refreshments of cakes, ice cream and fruit punch were servd.

Seated were: Mr. and Mrs. Ed Weeks, Mr. and Mrs. Albert Byars, Mr. and Mrs. Lavon Campbell, Mr. and Mrs. Harley Burrus, Mr. and Mrs. John Haines, Mr. and Mrs. H. R. Fulton, Mr. and Mrs. Tom Lair, Mr. and Mrs. M. R. Dick, and Mr. and Mrs. Jack Foster.

BETTYE JOE FOWLER CELEBRATES BIRTHDAY

Little Miss Bettye Jo Fowler entertained Saturday at the home of her parents, 2004 Fourth Avenue, with a party celebrating her fourth birthday. Lawn games were played until the refreshment hour when fruit punch, ice cream and cake were served.

Her Guests were: Bill Pike, Dorothy Costley, Catherine Boling, Fannie Alice Pierce, John Haines Harter, Bobby Smith, and Charles Taylor.

CITY FEDERATION HOLDS OPENING SESSION

The City Federation of Women's Clubs met yesterday afternoon with Mrs. J. Madison Daugherty, retiring president, in charge. Reports were heard from the Community Chest and Red Cross committees.

J. J. Walker and H. S. Strain appeared before the meeting with a plan for beautifying Dreamland cemetery with RFC labor provided that funds could be raised for the needed materials.

During a short business session, Mrs. T. H. Knighton was chosen president; Mrs. F. R. Phillips, vice-president; Mrs. L. M. Saddoris, secretary, Mrs. Levi Cole, treasurer; and Mrs. H. O. Price, publicity chairman. Mrs. Daugherty received a rising vote of thanks for her leadership as president during the past year.

MRS. F. F. FERRELL IS CHOSEN PRESIDENT

Mrs. F. F. Ferrell was chosen president of Las Senoras Nuevas club during the business session of the regular meeting yesterday afternoon. Mrs. Aubrey Fox was elected vice-president and Mrs. J. Madison Daugherty was re-elected reporter. Mrs. Claude Moore was hostess at the home of Mrs. Owen Williams.

Three tables were placed for contract. At the refreshment hour a dainty salad course was served to the following: Mrs. H. W. Hartman, Mrs. M. L. Saddoris, Mrs. F. F. Ferrell, Mrs. Hud Prichard, Mrs. Aubrey Fox, Mrs. Owen Williams, Mrs. J. Madison Daugherty, Mrs. W. E. Miller, Mrs. Glen Costley, Mrs. Ollie Barker, Mrs. Tom Brasher, and Mrs. Cecil Newberry.

MRS. A. M. SMITH IS HOSTESS WEDNESDAY

The Worthwhile club met with Mrs. A. M. Smith, of 1906 Seventh Avenue, Wednesday afternoon of last week. The hostess had charge of the program. Each member responded to roll call with a humorous incident or a clever trick. After several entertaining numbers by Miss Ruth Ansley of Amarillo and little Miss McKee, the group enjoyed looking at some interesting old daguerreotypes.

Ice cream and cake was served to the following members and guests: Mrs. W. T. Davis, Mrs. F. A. Thomas, Mrs. W. L. Johnson, Mrs. W. H. McKee, Mrs. A. H. Walker, Misses Ansley and McKee.

MRS. GEORGE SMALL ENTERTAIN BLUEBONNETS

Mrs. George Small was hostess to the members of the Bluebonnet club Thursday afternoon, at her home, 1104 Seventh Avenue.

Early autumn flowers were attractive in the rooms where the guests assembled for an afternoon of needlework and visiting. A dessert course was served to the following: Mrs. Tom Kay, Mrs. Aubrey Fox, Mrs. Morris Small, Mrs. W. H. Upchurch, Mrs. W. E. Miller, Mrs. Guy Cole, and Mrs. Levi Cole.

The club will meet September 21st with Mrs. W. E. Miller.

MRS. C. R. BURROW IS HOSTESS THURSDAY

Mrs. C. R. Burrow, 1110 Fifth Avenue, was hostess to the Merry Maids and Matrons club at her home Thursday afternoon. Bouquets of zinnias and asters were arranged in the receiving rooms.

Forty-two furnished the diversion of the afternoon, and following the games a refreshment course was served to the following: Mrs. L. Angel, Mrs. C. R. Flesher, Mrs. J. A. Hill, Mrs. R. P. Jarrett, Mrs. S. L. Ingham, Mrs. Agnes Smith, Mrs. J. J. Walker, Mrs. Joe Gamble, Mrs. L. F. Sheffy, Mrs. C. A. Pierle, Mrs. T. C. Thompson, Mrs. Dan K. Usery and Mrs. R. A. Neblett.

SUNNY HILL CLUB DISCUSSES MEAL PLANNING

The Sunny Hill home demonstration club met at the home of Mrs. S. L. Robertson on the afternoon of September 5. The meeting was called to order by the president.

Miss Bass gave a very interesting talk on meal planning. Refreshments were served to 17 members and 2 visitors. The club will meet Thursday, Sept. 21, at the home of Mrs. George Lash.

Y. W. A. MEETS WITH MISS THORPE

The Y. W. A. of the First Baptist church met with Miss Thelma Thorpe at the home of Miss Edna Graham Monday evening. A short business session was held and was followed by a mission program on Acadia, after which a social hour was enjoyed. Refreshments were served to twelve members and two visitors.

George Nance is in Brownsville at the home of his father, G. E. Nance. The Nance home was badly damaged in the storm of last week, making the second storm that has damaged it the past month.

Lindberghs in Copenhagen

Colonel and Mrs. Charles Lindbergh are shown above shortly after their arrival by seaplane in Copenhagen, Denmark. The famous flying couple have completed their survey flight over the coasts of Labrador, Iceland and Greenland, mapping out a permanent route for future transatlantic air service.

District Attorney Makes Talk On Law Enforcement

District Attorney Grady Hazelwood talked Tuesday at the luncheon of the Rotary Culb on law enforcement, and the part the citizen has to play in this program.

He deplored the fact that most citizens spend their time cussing the officers, rather than helping them with their problems. Chicago has the reputation for law violation, yet there are many towns with greater percentage of murder than Chicago.

He explained the difficulties confronting the enforcement officers. As a result of the demand for American liberty, our laws are made for the protection of the criminal, rather than for the protection of society. A criminal may be caught in the act, and make a clear confession, but unless he puts it in writing, the confession may not be used against him in court. The defendant has the right to examine in advance all of state's witnesses, yet the state cannot examine or know what the defendant's witnesses will swear on the stand. Mr. Hazlewood cited many cases he had tried in which the defendant had escaped with light sentences because of the protection given under the law.

"If citizens do not co-operate with the officers, they cannot expect the law to be enforced," stated the district attorney. Cussing the officers creates the impression that all officers are dishonest, or unfit for public duty.

[redacted]wood discussed the duty of a juror. "If a criminal is turned loose twelve men do it. It is their responsibility." He told of many instances when justice miscarried through court practices.

An educational program is needed to convince the people that law must be enforced; that the citizens who believe in law should sit on juries.

The following were guests Tuesday: Phil Purdum, L. A. Wells, Joe Wells, G. P. Risley, W. A. Askew, Jess Rogers, W. A. McIntosh, Dr. B. E. Masters, Grady Hazlewood, all of Amarillo; Major J. L. Dun of Waco.

Improvements Are Made on College Campus Recently

This week of the short vacation between the close of the summer term and the beginning of the fall semester is seeing many small repair and renovating jobs in progress on the college property.

Randall Hall, in which about 100 girls will be at home this year, has been greatly improved by placing hardwood floors in the reception room and dining room, and by repapering the large dining room.

On the upper floor many of the bedrooms have been freshly papered and minor repairs have been made in almost every room. These changes together with a thorough cleaning and general rearrangement have rendered the Hall more attractive than it has been for many years, and Miss Miltia Hill who is already on hand superintending the work, feels that the year is beginning under most auspicious circumstances.

President Hill stated before he left Saturday night for Boston that the reception which the Randall Hall Co-operative Plan had received everywhere was far beyond his expectations, and that the reservations already made in Cousins Hall are far ahead of any recent year on this date.

Class rooms in the Administration Building have been painted and minor repairs made, greatly improving the general appearance of the building.

On the campus weeds have been cut, the terraces surrounding the Historical Society Museum have been levelled preparatory to sowing grass seed, grass has been mowed and a general seasonal cleaning given the entire premises. The cannas, dahlias and other flowers on the campus are unusually beautiful for this time of the season, due to the recent rains and cooler weather. Students coming to Canyon for the first time will not be disappointed in either building or grounds.

Methodists Begin Revival Sunday, September 17th

On September 17, which is next Sunday, Rev. C. W. Foote, pastor of the First Methodist Church here, will begin a protracted meeting at the church. He will be assisted by Bob Watkins, an evangelistic singer of Hedley, Texas, who is widely known in this territory. These men have worked together in several very fine meetings and a very successful meeting is anticipated. Miss Mattie Mae Swisher will also assist in this meeting, bringing as many of the College folks into the service as possible.

Rev. Foote is asking all the membership of the Church to co-operate in every possible way, being present at all the services and entering heartily into all the work of the Church. He states that we are rapidly approaching the close of the Conference year and much remains to be done. The pastor believes that if all will co-operate that lasting good may be accomplished and he asks that all the friends of the Church as well as the membership attend these services and enter heartily into the spirit of the work.

Let all the singers, all that enjoy good singing, and everyone else, attend every service possible, is the invitation of the pastor, the singer, the official board and the entire membership of the Church.

A COMMUNITY GROCERY STORE

We sincerely thank the people of Canyon and Randall county for the splendid business given us in the past, and the fine reception given us in our new location.

We have moved one door south of our former location for the purpose of giving our patrons better service, and to better carry out our desire to furnish you the facilities of a Community Grocery Store.

Our new store building will please you in arrangement and equipment; our stock will meet your needs. We trust to have your continued patronage, and to meet new friends and new customers.

CANYON GROCERY

PHONE 25

May we ask you

8 *questions?*

Question No. 1 When you wake at night and the ominous crackle of flames tells you that your home is ablaze . . . do you need a telephone? YES ☐ NO ☐

Question No. 2 If a member of your family is seeking employment, do you need a telephone so that employers may locate you quickly when a vacancy occurs? YES ☐ NO ☐

Question No. 3 When sudden sickness comes to some member of your family . . . do you need a telephone to call the doctor in a hurry? YES ☐ NO ☐

Question No. 4 When your wife is alone, and a thief is heard trying to open a window . . . wouldn't a telephone be a godsend? YES ☐ NO ☐

Question No. 5 When a water pipe bursts, or the lights fail, isn't a telephone useful in meeting the emergency? YES ☐ NO ☐

Question No. 6 Insurance tables reveal that a high percentage of all accidents occur in the home. Should a member of your family suffer an accident, wouldn't a telephone be worth its weight in gold? YES ☐ NO ☐

Question No. 7 Isn't it worth a lot just to know that you can lift the receiver of your telephone and call your friends or receive calls from them? YES ☐ NO ☐

Question No. 8 Doesn't it lighten the wife's duties if she has a telephone to order groceries, ask the cleaner to call, or run other errands? YES ☐ NO ☐

If you have more "Yeses" than "Noes" our suggestion would be . . . a telephone. The cost is moderate, the value is all you wish to make it. Get in touch with the business office. Say: "I want a telephone."

Supt. Chamness Begins Work on School Problems

Deputy State Superintendent E. E. Chamness is now established in his office and has already begun to acquaint himself with the conditions that prevail over the twenty-two counties which compose his territory.

Mr. Chamness stated yesterday that he is delighted with his situation in Canyon and especially pleased with the office space which has been assigned to him in the college building. Mr. Chamness' office is in the east end on the first floor of the Administration building of the College, and visitors will find him there regularly unless he is out in his territory.

The assignment of Mr. Chamness to Canyon was made in order that every school of northwest Texas might have help with its problems. Mr. Chamness has found that schools are most interested in the new rural aid law at this time, and particularly in its relation to problems of transportation of pupils.

Miami and Canadian were visited Saturday by the new officer. He will make trips whenever requested by any suprintendent or school board unless circumstances make it impossible to go, he said today.

Mr. and Mrs. Chamness and their son, E. E. Jr., are living on Sixth Avenue east of the highway.

Mr. and Mrs. Gordon T. Charlton and children, Gordon Jr. and Meredith, of San Antonio, returned to their home Friday after a two weeks' visit to Mr. Charlton's parents, Mr. and Mrs. F. T. Charlton.

Dr. E. F. Dunnaway of Amarillo was a business caller in the city Tuesday.

Senator Small and T. E. Johnson Here About Park Road

Senator Clint C. Small and T. E. Johnson of Amarillo were here Thursday afternoon conferring with Judge S. B. Orton, Commissioner G. B. Heath and Clyde Warwick regarding the highway to the Palo Duro State Park.

Plans on the right-of-way, and other problems in connection with the road were discussed.

"Randall county certainly has an aggressive Judge and Commissioners Court, who are to be congratulated with the way the Park has been handled," stated Senator Small, who has been a county judge and knows the problems of the county administration. "There are few counties in which the Commissioners Court would put over such an immense project in such an easy manner,' 'was the conclusion of the Senator.

Miss Cleo Holmes Resigns, and Will Soon Be Married

Miss Cleo D. Holmes has resigned her position in W. T. and will soon be married. She has been spending several weeks at her former home in Nebraska. Miss Holmes has been a teacher in the Home Economics department of the College since 1924. During the past three years she has been in charge of the cafeteria.

Miss Holmes is to marry Milton Weigert.

Mr. and Mrs. O. O. Mitchell, of Houston, returned to their home Wednesday after visiting for the past ten days with Mrs. Mitchell's mother, Mrs. J. L. McReynolds.

TWO POINTS of VIEW

Baptist Church Opens Revival Sunday Morning

Rev. J. C. Sizemore, pastor of the Tabernacle Baptist Church, Amarillo, will be the guest preacher during a revival meeting at the First Baptist Church here, beginning Sunday, September 17th.

Services will be conducted at 10:00 a. m. and 8.00 p. m. daily, continuing through two weeks at which time the First Methodist Church and the Church of Christ are also co-operating in simultaneous services.

All plans for a mammoth rally in church attendance, spiritual development and an earnest effort in reaching the unsaved, were made by Rev. J. R. Hicks, local Baptist pastor, who urges that every Baptist and other Christians in the community attend these series of services directed in an especially evangelistic effort.

Statistics show that if the land in the United States were divided equally among its inhabitants, each person would get 18 acres. And with taxes what they are, each acre would prove an acher.

"Of all the senses, I'm sure that sight must be the most delightful," says Helen Keller, talented blind woman. Well, it was before the days of billboards.

Banish Acid Stomach This Simple, Easy Way

Know the joy of freedom from stomach distress. Enjoy your meals. Dr. Emil's Adla Tablets banish acid stomach, indigestion and gas. Bring quick relief. Jarrett Drug Co. 6

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

Mr. and Mrs. Okke Okkenga and their niece who is visiting here from North Carolina, were callers in the Henry Miller home Tuesday.

Mr. and Mrs. Gus Leseberg, Mr. and Mrs. Raymond Tucek and Mr. and Mrs. C. W. Bauer and family enjoyed a picnic in the Dowlen canyons Sunday.

Mrs. Henry Miller entertained the Palo Duro Club Wednesday afternoon.

Miss Evelyn Shanklin left Sunday to assume her duties as a teacher in the Pampa Public Schools.

Misses Olive and Belle Schramm visited friends and relatives in Amarillo Sunday.

Help Keep Canyon Clean.

A New Location

with

BETTER SERVICE FACILITIES

We have moved our store to the First National Bank building on the West Side of the Square and invite all our new and old customers to visit us.

During our stay in Canyon we have greatly increased our stock of hardware with a view to better serving the people of Randall County. The new location will greatly benefit our customers.

Hunters, let us show you our stock of Remington Arms and Ammunition.

THE EAGLE'S TALE

VOLUME NO. 8 | CANYON, TEXAS, SEPTEMBER 14, 1933 | NUMBER 1

Well howdy folks. If I ain't the gladdest person this side of the Oklahoma line to be in Canyon a writin' fer you all. I been a crawlin' out at slap dab five o'clock on the ranch, and it ain't easy to lay in bed them three more hours, but of course I ain't a-gonna growl.

It shore seems like the same old school, only some of them seniors last year is ex's now. But I seen a few that musta hated to leave so they hung behind.

Well bless my bones, I most nigh left out the main change that is happened. One of them teachers is changed her name. I's athinkin' of this here change and to yet, I ain't figured out whether its for better or for worse. Jest everyone ain't informed about it, so I'll jest hev a guessin' game with yuh, as to that ere teachers name. Well, long time ago when she (I mean this teacher) first tried at larning the kids English (I mean the subject she taught), well she told them pupils some college experiences. I guess you knew she and her hubby is dedicated. Oh yes. Went to some kind of institution at Austin this very summer. Well, she says, that she hated her own name because it began with a D. She said that ere professor put her rat at the front of the room when he seated 'em 'cordin' to the first letter in the last name. She 'lowed rat then that if'n she ever found a good man that she ain't a-gonna get hitched to him, if the first letter in his last name didn't begin with one of them last eight letters in the alphibat. And I'll be doggoned, if she ain't gone and done jest like she said, cuz her hubby's name begins with a T. But don't you kids think or get the idea that I'd tell you her name, after keepin' it frum you so long. And too, I ain't ever been one to spread gossip, but you jest guess her name. Now if you can't think of it come around and I'll help you a little.

Now, ain't I dumb? Why I been so tuk up with this here note to you kids, that I forgot to shut the gate, and me cows have done et twice too much hay. So, good-bye. I gotta hurry before they founder.

Yours, Cactus Cal.

New Improvements Are Noticeable About School

Among noticeable improvements about the school are the flowers that were placed on the campus last spring in remembrance of the 1933 seniors. The grass in front of the buildings has been well kept through the summer and the trees are now large enough to furnish considerable shade.

In making ready for the fall term of school some changes have taken place. In the boys' athletic rooms a larger equipment space has been built for the purpose of checking all equipment and clothing. Screens, window facings and doors of the elementary school, and doors of the high school have been painted.

Football Season Opens With Great Prospects

Football season opened for the Canyon Eagles Monday, Aug. 28, when 37 boys reported to Coach Cleveland Jones for practice. Seven letter men were on hand for the first work-out.

Coach Jones states that he is well satisfied with the first 10 days' work, especially the work of the linemen. He also expressed confidence that the Eagles would exhibit plenty of fight in every game.

Most of the first week was spent in conditioning the squad and blocking and tackling, however, some time has been spent in signal drill.

The team candidates are: backfield, T. V. Slack, Sewall Cox, Speck Williams, Lester Clounch, Farris Crawford, Hampton Lisle, Jack Taylor, Bill Cone, James Hill, Boots Johnson, C. L. Drummond, and Dallas Zachery.

Line: Fat Cox, Cris Wooten, Willard Childress, Alton Brasuel, Dan Gerald, Roland Black, Kenneth Black, Curtis Elliston, Scoop Elliston, O. M. Solomon, Ray Miller, Jack Middleton, Ray Ford Rusk, Ralph Rusk, Cecil O'Donnell, Forrest Hill, Benson Clounch, and Scott Downing.

New Students Number Fifteen In High School

Fifteen new students are enrolled in Canyon High School. They represent the four classes of high school, and are from 14 different schools.

They are:

Edgar Hutton, Clarendon, 9th.
William Whitley, W. T., 8th.
Ruble Rhodes, Wilson, 8th.
Wayne Byars, Lakeside, 8th.
Harold Byars, W. T., 9th.
Kathryn Hill, Amarillo, 10th.
Margaret Nichols, Amarillo, 10th.
Francis Leach, Wellington, 11th.
Martha Johnson, Albuquerque, 10th.
Claudia Fae Teal, Floydada, 10th.
Dallas Tackery, Happy, 10th.
Irene Mullins, Bushland, 10th.
Trixie Jackson, Slaton, 10th.
Willard Childers, 8th.
Margaret Fulton, Zita, 8th.
Malben Howard, Wayside, 10th.
Johnnie Wilson, W. T., 10th.
Patricia Wederbrook, Hereford, 11th.

P. T. A. Assisted By City Doctors Hold Clinic

The members of the P. T. A. with the assistance of Drs. Saddoris, Neblett, Cundiff and Ingham held a clinic for the children who were going to enroll in the first grade this year.

Thirty-one were examined. Several children were found to have weak eyes, throat trouble, ear trouble, and decayed teeth.

Mrs. I. B. Carruth, Mrs. William Robinson, Mrs. W. T. Davis, Mrs. J. W. Collins, and several other ladies assisted in the work.

The purpose of this work was to acquaint the parents with any physical defect of their children so they can have it corrected.

The intention of the P. T. A. is to fit those children with glasses whose parents are absolutely unable to do so.

This same kind of work was carried on last year and was appreciated greatly by both the parents and the children.

Sale of Activity Tickets Causes Keen Rivalry

Of course every class in High School is loyal, but just which class, freshman, sophomore, junior or senior is the most loyal? That's just what will be decided on Friday, September 15, when the loyalty campaign will be closed. This contest, similar to the one in which the seniors were victorious last year, was the cause of much excitement at the called assembly meeting Monday. The presidents of each class, except the Freshman, who will be the campaign managers for their respective group, made a litte speech concerning their intention of winning the silver cup offered. Since the freshmen had not elected a president, different members of the class gave their ideas. Every speaker had the same idea, because each said, "We expect to get every member of our class to be loyal and buy an activity ticket." All of the classes have as their aim the cup and therefore there is keen spirit of rivalry among the classes.

The activity ticket, which can be yours for a 10 cent weekly payment, entitles you to the home football games, special plays, and basketball games. The football games are of the most interest now, for only a week from the end of this campaign the Canyon Eagles will meet Dumas at the Buffalo Stadium. So, loyal Eagle supporters, buy an activity ticket and support the Eagles on Sept. 22.

Teachers Spend Summer in Many Different Ways

O. K. Century of Progress! Zoo, etc., etc.

Well, here we are in Chicago, right in the heart of the Oriental Village, and of all people to run into—Miss Mattie Jordan and Miss Fannie Sue Brasuel. We regret to say, however, that owing to the state of bewilderment the former been thrown into, resulting from orange and purple buildings, supernatural monsters, etc. (for which she strongly suspects the last soft drinks peddler) Miss Jordan will not be able to speak to you about her summer course on Library Science at Peabody College, Nashville, Tennessee. Miss Brasuel is returning to Canyon where she will spend the remainder of the summer. We will now return you to the original studios!

Fellow students, at this time we find ourselves in the role of honoree visitors at the Life Girls' Camp, in the state of Connecticutt; the director for next year will be none other than Miss Lois Goodrich of the English room renown. She originally held the position of Councilor in this camp. Before dashing back to our station, we must observe the swimming, dancing and hiking which are only a few of the recreations provided for the campers.

Again we rush madly across this fair country of ours. O. K. Texas State Capital! Upon investigation of the rolls of Texas U., we find the signatures of the right-worthies Mr. George Terry and Miss Jewel Foster. Turning now to the scandal sheet of the News for August 33, we find the Right Honorable Mr. Terry has no particular aversion to washing dishes, but Miss Foster does have a peculiar horror of trees at the foot of hills and stop signs on every corner.

Back again in our studios we beg you to prepare yourselves for some random shooting. First we find ourselves in the city of Abilene where, without much trouble (his attitude betrays him) we locate Mr. Aubrey Fox where he is spending the summer among friends. And now to the scenic states of Tennessee and Missouri where Miss Murrell has been spending a thoroughly enjoyable summer.

Last but far from least we learn that Mr. Carruth, Mr. Barker, Miss Clark, Miss Angel, and Mrs. Foster, spent the majority of their summer in Canyon preparing for the coming school year.

The danger about two automobiles trying to be in the same place at the same time is that someone may get hurt.

Football Schedule

Sept. 22, Dumas, (here) (night game).
Sept. 29, Panhandle (Here).
Oct. 6, Open.
Oct. 13, Friona (Here).
Oct. 20, Happy, (There).
Oct. 27, Open.
Nov. 3, Tulia, (There).
Nov. 10, Hereford, (Here).

Large Enrollment Feature Opening of School Year

Enrollment in Canyon High School began Sept. 1, when freshmen and sophomores enrolled. The freshmen are allowed two elective courses with English and algebra required; sophomores are allowed one elective course, with English, world history, civics and geometry required.

Sept. 2, the upper classmen enrolled. In the last two years of high school work, two years of English, American history, geometry and civics are required.

One hundred eighty-three students have enrolled in the high school, 93 of whom are girls and 90 of whom are boys. Fifty-three of the freshmen and sophomores are boys and 36 are girls, making a total of 89 in the first two grades of high school. There are 31 girls and 22 boys in the junior class, showing that the girls have the majority. They also have more girls than boys in the senior class, with 26 girls and 15 boys.

This year the freshman class is the largest class in high school. Heretofore the present junior class has had this honor.

Grade school began work Sept. 4, with a smaller enrollment than heretofore, but this will give the teachers an opportunity to more carefully observe the work of the pupil and to give more time and assistance to the individual in the grades. Out of the 300 pupils enrolled in the grade school, it is interesting to note that there are exactly 150 boys and 150 girls. In the primary grades there are 88 boys and 94 girls. In the fifth, sixth and seventh grades there are 62 boys and 56 girls.

There is an enrollment of 483 in both schools, with 243 girls and 240 boys.

Upper Class Men Welcome New Freshmen

Every school has to have some freshmen or where would the school be? This year C. H. S. seems to have a very nice looking bunch of "green Fish." Remember the old saying, "Beautiful, but dumb."

Each high school student should try to make these Fresh men (and women) feel welcome, for truly they are welcome. Freshmen, even though the upper class members have quite a lot of fun out of teasing you, don't let it bother you, that's only natural.

"Fish," upper classmen can't help but laugh when a Fresh "man" goes down into the girls' locker room looking for the Manual Training room, or you might get mixed up in the auditorium and sit down with the seniors, but . . . anyhow C. H. S. welcomes you, one and all.

Chapel

Monday afternoon in assembly Mr. Terry distributed the tickets to be sold in the Loyalty Campaign. The tickets, sold to outsiders on receipt of three dollars cash, will cover all admittance fees to home football games, boys and girls basketball games, intramural contests, pep squad play, seniors play and stunt night. The class selling the greatest number of tickets to its students (on percentage basis) is to have its name engraved on the loving cup of Loyalty. The class selling the greatest number of tickets to outsiders at $3.00 each, cash, is to receive a felt pennant.

The class leaders in the Loyalty Campaign are: Senior, Alton Brasuel; junior, Robert Orton; sophomore, Mary Ella Davis; and freshmen, Mr. Carruth. The money from the sale of the tickets will be used to defray the expenses of the Athletic Department and of the plays. Mr. Terry particularly stresses the sale of tickets to town people.

Miss Jean Burgess, graduate of the spring class of 33, left Saturday for Abilene where she will attend Abilene Christian College.

Tyson Cox, a graduate of the class of 33, will attend John Tarleton at Stephenville.

The man who fears he will hurt himself working is the one who wonders how others get ahead so rapidly.

Classes Elect Officers at the First Meeting

The first class meetings of the new school year were held September 8, when the various classes elected new officers and discussed numerous activities for the year.

The Freshmen, under the sponsorship of Mr. Carruth, discussed high school life and qualifications of officers.

Mr. Barker will direct the sophomores this year. Their new officers are: President, Mary Ella Davis; vice president, Leslie Lisle; and secretary-treasurer, Rubye Guthrie.

The juniors have secured Miss Clark as their sponsor. They met Friday and elected Robert Orton as their president, Mable Schmitz as their vice president, and Hampton Lisle as secretary and treasurer.

Last spring the day before the Junior-Senior banquet, Alton Brasuel was elected president of the senior class, which is sponsored by Mr. Terry. The seniors have agreed to have a cabinet to work with the president. Members of the senior cabinet are Leigh Beeson, Rosa Cash, Arthur Lee Chambers, T. V. Slack, Robbie Lee Foster, and Gailen Porter.

High School In The Eyes of a Freshman

At last we're in High School is the thought of the Freshman the first day of school; but when a Freshman really is in high school he has a queer feeling concerning the things about him. That feeling is partly because of loneliness for the grade school days, and partly because of the difference in classes. Small groups of Freshmen are seen wandering about wondering where to go, and what this 8-13 is doing on their schedule because they know classes start at 9:00 o'clock instead of 8:13.

As they wander along they see the English teacher standing by a door. Thinking perhaps this is the time for their English they go in and sit down. The other students start laughing and someone tells them this is the Junior English class. One of the bravest of the girls asks this junior if she can tell them where to go. The junior looks at the schedule and tells them where their class is. With a shy thanks the Freshmen go to their class.

At noon as the crowd of girls go rushing down to their lockers, one of the Freshmen forgets the combination of her lock, and is forced to go to the grade school and ask the principal to look up her combination.

There are many more privileges in high school than in grade school and as the Freshmen do not know what to do with the privileges they start laughing and talking as they did in grade school. They are called down several times and are given hard looks by the upper classmen until they are afraid to move.

Through the long classes the Freshmen get tired of being quiet, and many thoughts are given to the grade school where they would not have to have such long classes. Many hearts are happy because there will be fewer lessons to study at night, but in the first class the Freshmen learn that lessons are assigned here that are much longer than those assigned in grade school.

The worse feeling of all to a Freshman is that he does not belong in High School. No cheerful smile or "hello" is given him by another student. As the sophomores, juniors, and seniors pass through the halls they seem not to notice the Freshmen. Groups of boys and girls standing in front of the bulletin board or talking to a teacher do not seem to notice that some new students have entered high school, and many freshmen wish that they were not new students in high school but were just sventh graders back in the good old grade school.

After two or three days in high school, all this feeling is gone and only the thought that they are part of this large body of students, and in the high school is left for the Freshmen.

IN APPRECIATION

The students of the Canyon High School wish to express their appreciation of the generosity and consideration shown by Mr. Clyde Warwick in making the Eagles Tale possible. Insomuch as our high school is a small community, we feel the need of a paper to carry our community news. This would be impossible except for the kindness of the Canyon News. We realize that few schools are given as liberal allotment in their local paper as the Canyon High School. The Eagles Tale has become an institution that means much to those interested in the public schools, hence this word of appreciation to the publisher whom we all know is a friend of the schools.

High School is Operating Under New Schedule

Canyon High School is operating on a new schedule this year. This schedule greatly helps the student.

School takes up as usual at 9:00 o'clock and is turned out at 12:00 o'clock for the lunch hour. This affords three one-hour periods in the morning. Band has a regular period on the schedule from 11:00 to 12 o'clock. The Eagles Tale also has a regular period from 10:00 to 11:00 o'clock.

School again takes up at 1:00 o'clock, affording a one-hour lunch period. There are only two regular periods in the afternoon. The third period is given to outside activities and remedial work. If the student has no athletics, clubs, remedial work, etc., he is allowed to go home at 3:00 o'clock.

Assembly period will be on Thursday afternoons at 3:00 o'clock. On all other afternoons each teacher remains in his room from 3:00 until 4:00 o'clock. If the student needs extra help on any subject, he may see the teacher at this time.

Purple Peps Discuss Plans for Coming Year

The Pep Squad met Sept. 7, in the high school auditorium to discuss plans for 1933-34.

Mable Schmitz and Wilma Price are the Pep leaders for this year. Mary Ella Davis was elected assistant pep leader.

Committees were appointed by the president, Rosa Cash, to take charge of the different phases of work.

It was decided that the ten old suits should be sold to students wishing to become members of the organization.

White megaphones and caps will improve the appearance of the squad.

The Purple Peps will be accompanied by a pep squad of supporters who do not have suits.

By this plan they are hoping to have a much stronger pep squad than ever before.

Asking a man his opinion of the automobile he drives is the same as asking his wife about their children.

PURPOSE OF THE STAFF

The Eagles Tale staff plans to send to press a better school paper than has ever been printed before.

Miss Goodrich is the new faculty adviser with Robbie Lee Foster as editor in chief, and Hampton Lisle assistant editor. A regular period has been set aside which will be devoted to improving the Eagles Tale, and to the study of different phases of journalism.

Last year the staff raised enough money to buy pins for the ten reporters who turned in the most articles. The staff plans to do tne same again this year. The making of the money for buying the pins will be an objective for the staff to work toward.

The staff is working to print a more entertaining Cactus Cal, fuller articles, better feature stories and odd bits of news to interest the readers.

Students, teachers, citizens, are you willing to co-operate?

Fourteen Students Have Birthdays In September

At last we have found out why September is one of the most important months of the year. Fourteen of Canyon's students have birthdays in this month.

Three freshmen, Mavis Hardin the 14, Nelson Robinson the 23, Benson Clounch the 28; five sophomores, Billie Bee Flesher, the 10, Gertrude Brandt the 15, Lecy Mae Furlow, the 25, Leslie Lisle the 26, Overton Donnell the 24; one junior, Ed Brooks the 12; five seniors, Velma Crawford the 1, Robbie Lee Foster the 2, Dan Gerald the 12, R. G. Hurst the 18, Rosa Cash the 19.

It is an interesting coincidence that two people of Canyon High School should have birthdays on the same day. Dan Gerald, a senior, and Ed Brooks a junior, have birthdays September 12.

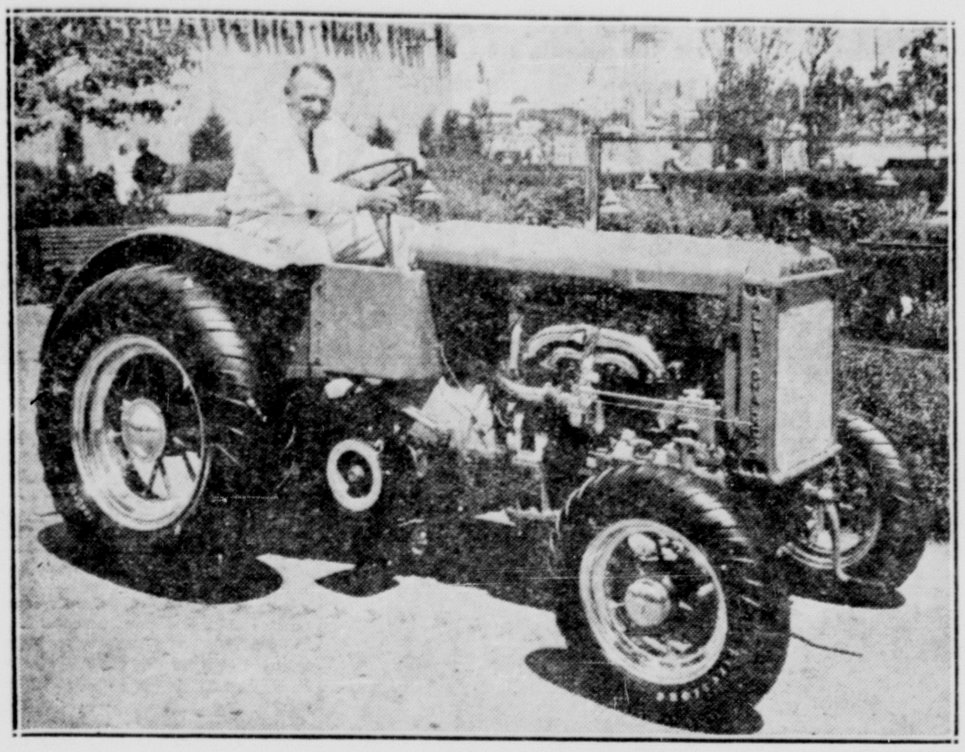
ATTRACTION FOR TRI-STATE FAIR



Amarillo, Sept. 13. — Attractions already signed up for the 10th annual Tri-State Fair, which will be held here September 23 to 30, indicate it to be the outstanding exposition of its history.

One of the main attractions will be Barney Oldfield, above, old maestro of the race track—cigar and all, who will appear September 30 at the race track behind the wheel of his "plow horse" which has turned "race horse."

This tractor, driven by Oldfield, recently set a world's record at the Wisconsin State Fair.

There are so many other attractions it is impossible to mention them all.

Another main feature will be the horses, with legalized betting.

There will be five days of racing, six races daily and purses of more than $5,000. Race horses from eight states have entered.

Two nights of the huge exposition, September 28 and 29, the annual Fine Horse Show will be held. Lovers of beautiful horses will find two nights of perfect contentment.

Championship prize fights will be held on the nights of Sept. 23 and 30. The most expert of the pugalistic are will be brought here.

There will be laughs, fun and frolic galore. Zieger's shows, with a personnel of 250 people, 15 cars, 12 rides and 25 side shows will be down the midway. Sam B. Dill's big three-ring circus, with Roberta Beeson, greatest wire performer of the nation will be seen twice daily.

A really new feature will be the Donkey baseball Games, the nights of September 25, 26 and 27 before the grandstand.

The baseball games will be played from the backs of trained donkeys.

More than $15,000 will be offered in prizes and premiums during the fair. There will be the swine, cattle, poultry and agriculture shows, merchant and manufacture exhibits.

The second day, Sept. 24, of the fair will be turned over to the Amarillo Ministerial Association. A mammoth religious service will be held throughout the day.

PRESBYTERIAN CHURCH

Order of services for next Sabbath at the Presbyterian Church:

The Sabbath School will open at 9:45 a. m. Mr. C. E. Strain is superintendent.

The regular Congregational service will begin at eleven o'clock. Dr. R. P. Jarrett will have charge of this service, and will deliver the morning discourse.

We extend to you a cordial invitation to join us in these services.

When a public speaker pauses for a reply it breaks him all up if he gets it.

Every man thinks that he is the proper one to stand around and boss the job.

PREMIUM PERFORMANCE

Guaranteed by these definite figures

Phillips 66

70 OCTANE

"HIGHEST TEST" AND anti-knock at the price of ordinary gasoline

GRAVITY from 62.1° to 67.9°

If all motor fuels published their octane ratings and gravity figures, you could easily see the superiority of Phillips 66.

You would instantly understand why this greater gasoline gives extra pep and power, smoother running, more miles per gallon, and NO KNOCK!

Instead of vague claims about "outstanding anti-knock," we say "Our gasoline measured by the Official method has an anti-knock value equal to 70 octane." You can't possibly buy any higher anti-knock at the price of Phillips 66.

Instead of broad generalities about "high test," we give you exact gravity figures. And experienced drivers have noticed how these numbers climb steadily higher as the weather grows colder. This is how CONTROLLED VOLATILITY, pioneered by Phillips, scientifically pre-adjusts every gallon to your weather at the time you buy it.

We ask you to try just one tankful of Phillips 66 . . . because we give you facts and figures in place of fierce and frantic claims . . . because millions of satisfied and friendly customers bought five hundred and twenty-nine million (529,000,000) gallons of Phillips 66 products in the last twelve months . . . because you get higher test (gravity 62.1° to 67.9°) and higher anti-knock (70 octane) without paying a penny of higher price.

Why not make the test, today? Phill-Up With Phillips at the nearest Orange and Black 66 shield. That is the intelligent way to find out how much money you save. That is the conservative way to check our figures which guarantee premium performance.

Dr. J. A. Hill Becomes Member Nat'l. Committee

Dr. J. A. Hill, president of the West Texas State Teachers College, has accepted an invitation to become a member of the National Committee for the Consideration of Inter-Governmental Debts. This committee is headed by Alfred P. Sloan, Jr., president of General Motors Corporation.

The committee was organized about a year ago to attempt to create in the public mind of this country a realistic point of view regarding the inter-governmental debts.

Dr. Nicholas Murray Butler is one of the vice-chairmen of this committee and he recently said: "The three main international problems which we must conquer are the burden of the international debt obligations, which must rest with us; the barriers to trade caused by high tariffs; and the lack of stabilized relations between the monetary units of the leading nations of the world. When we deal with these we are strengthening our domestic situation tenfold."

Mr. Sloan states that it is not the purpose of this committee to suggest solutions for the problems with which it will deal, but to arouse intelligent and well-informed discussion regarding them so that a solution for them may finally be reached.

Buffalo Training

(Continued from first page)

men were able to stand a lot more of the hard drills through which they are being paced.

Captain "Cow" Williams was on hand all of last week greeting the men as they arrived in Canyon and helping them get set.

The coach was not allowed to give any instruction until the official opening of camp Monday, but many of the men spent considerable time in conditioning exercises on Buffalo field, working with Captain Williams.

Freshman Coach Mitchell Jones is working with the linemen this week, awaiting the arrival of his crew which will furnish scrimmage material for the first string men next week.

While it is too early in the season to get a line up on the team, it is very evident from the material on hand, and the willingness of the men to fight for places on the team, that Coach Baggett will be able to turn out one of the fastest teams that has ever defended the Buffalo colors.

Joe Hill, Jr.

(Continued from first page)

possibility seemed more remote because a letter to Dr. Hill from Dr. Shirey said, "Men are carefully selected, and to be turned down is the most common thing that happens to most of the best boys. . . . We need specialists and are getting them. They are volunteering for places far beneath their rank."

Later in the same letter he wrote "He must be able to do a man's work, be a good comrade, willing to undergo the hardest hardships." So it was a distinct shock to them when they received his telegram, "Selected for expedition stop Cannot come (home) before sailing stop Stationed on Pacific Fir till transferred to Bear stop." The next part of the telegram was what any parent would have expected under the circumstances, "Wire twenty dollars to hotel manager immediately" and the last words carried the official order of the expedition, "Don't give to the papers."

The next days found the Canyon youth a dinner guest in the home of Admiral Byrd and reporting to his mother, "Admiral and Mrs. Byrd are perfect people. I also like Dr. Shirey very much. He is largely responsible for my place."

Two days later he wrote of being on board the Pacific Fir where he was servng as Admiral Byrd's personal attendant, his duties including making beds, washing dishes, waiting the officers' tables and doing errands. In his letter he said "The work is very interesting," though later he admitted that the same duties might not interest him if occurring under different circumstances.

On the expedition Joe expects to be responsible for 60 of the 180 dogs which are an important part of the equipment. He has been spending much of his time in the recent days getting acquainted with the animals and learning to care for them on the long voyage.

During the days following the telegram telling that their boy would be a member of the expedition, President and Mrs. Hill have been alternately sad as they contemplate the long separation, and proud of the honor which had come to Joe. President Hill said, "The thing which pleases me most of all is that Joe got the place without any help from me; he did it all for himself." Mrs. Hill says, "I have always wanted our children to carry out their life plans and I have prayed that the results of Joe's trip to Boston would be whatever best for him. I am proud and happy to have him go."

Joe Hill was born in Canyon and his entire school life, except for one year in the University of Texas, has been spent in the West Texas State Teachers College. Hundreds of young people throughout Texas who have known him at Canyon or elsewhere will watch the Byrd Expedition with greater interest because he is one of the party going for a long two year's stay among the furbearing animals, the penquins, the storms, the icebergs, and the adventures that surround the South Pole.

President and Mrs. Hill, and Marion, Joe's younger sister, will see him in Boston before the Pacific Fir and the Bear put out to sea.

Highway Work

(Continued from first page)

several non-resident land owners who are affected by this highway.

E. H. Gohmert, resident engineer, states that he expects to have orders before the end of this week to set the fences back on the highway east, and to get ready for actual construction. It is stated that the highway commission will meet every week until the relief measures have been passed upon. Plans are being rushed through for the drainage contract on this project, and the contract should be let before the end of September.

In order to facilitate this relief work in the 17 drouth counties of the Panhandle offices for the Federal Bureau of Public Roads will be opened in Amarillo, and all plans will be checked there.

These relief highway projects are the result of requests made several weeks ago by delegations from Panhandle counties filing requests for immediate construction with the state highway commission. The state approved all projects, and forwarded the same to Washington where Congressman Marvin Jones urged the adoption as relief work in the drouth stricken counties. Final action was taken Saturday with approval for immediate highway work.

Just what amount of money is available for highway work in Randall county has not been stated, but it is believed that engineering estimates are approved for a sufficient amount to improve No. 9 and to build a hard surfaced highway to the Palo Duro State Park.

Wheat Meetings

(Continued from first page)

Two publications will be made on the wheat allotment plan; the first giving the names of all who make application, together with the number of acres planted in 1930-31-32; average yield for three years; 1933 acres sown. The purpose of ths publication is to safeguard the government in getting a correct estimate of all farmers entering the plan. The second publication will give the names of the farmers, and the number of bushels and acres agreed upon by the county organization under the allotment plan. All farmers who have made application and signed the agreement will be furnished copies of this publication. Penalties are prescribed by the government for misleading information.

Mr. Upchurch is highly pleased with the progress being made on the campagn, and believes that practically all of the wheat farmers in Randall county will enter the agreement before the final expiration period.

W. T. Opens

tions to his faculty are fully carried out.

Faculty Back From Brief Vacations

All members of the faculty will be back in Canyon Monday except President Hill who will not return from Boston until about a week later. Many of the teachers are already in town, making plans for the beginning of their work.

Among those who have spent the summer away are Miss Pauline Brigham who has been in Oregon, and Mr. W. D. Mateer who has studied at the University of Oklahoma. Miss Jean Moore has spent the summer at Fort Worth. Miss Margaret Wiley will return to the English department after a year's leave of absence spent in study at the University of Virginia and in travel abroad. Miss Hattie M. Anderson who has been on leave during the entire summer will be back in the History department, and Miss Isabel Robinson, head of the Art Department will return after a six weeks leave spent in study and rest in the Middle West.

Most members of the faculty have been away from Canyon for short vacations only.

Numerous changes have been made in the faculty. Dean Emeritus Allen and Miss Mary Adaline Lamb resigned at the end of the summer and their places have not been filled. Dr. Angie Debo, formerly of the history department will have charge of the Panhandle-Plains Historical Society Museum. Miss Miltia Hill, a former member of the art department staff will be in charge of the new Randall Cooperative Hall project.

Mrs. Agnes Smith, for several years matron of Randall Hall was shifted to the matronship of Cousins Hall, following the resignation of Mrs. Marion Witt who retired this year.

Coach Al Baggett, who has been in Canyon for about two weeks, is new on the faculty, having been chosen to succeed S. D. Burton.

Miss Thelma Brummett, secretary to the President, is again at her post after a summer spent in Girls' Camp work in Massachusetts.

There will be a new member of the Home Economics staff to succeed Miss Cleo D. Holmes who recently resigned. It is expected that this instructor will be chosen by President Hill before his return to Canyon from the East.

The outlook, according to a statement made by President Hill last Saturday night, is more favorable than anyone had expected it to be. Dr. Hill said, "I never make predictions concerning attendance, but I honestly feel that we are going to have a fine school this year, with a good attendance and with an unusual seriousness of purpose and determination to work characterizing the students. Many are making great sacrifices to attend college. They want every moment to count and it will be our business to make every day worthwhile to them."

President Hill will return about September 24.

By Making Good as Playing Managers, Terry of the Giants and Cronin of the Senators Have Confounded the Dopesters

BY PHILIP MARTIN

A LOT of the old guard members of last winter's Hot Stove League are crying huge, salty tears into their beer because two young fellows confounded their judgment.

The weepers were so rash last season as to imply that Joe Cronin and Bill Terry, while wonderful ball players, would get nowhere as managers, because a manager couldn't mix his team-running worries with his play on the field. They pointed out that either the management of their ball clubs would suffer or the play of the two stars would fall off.

Take a look at the two—Cronin's Senators are a sure bet to win the American League flag and Terry's Giants are a pretty sure bet to fall into the coveted spot in the National League.

Moral: Get a playing manager for your ball club.

THIS has been a bumper year for the crop of upsets in the tennis world. It started off with Vines dropping the verdict to Crawford at Wimbledon, and continued with Vines taking a drubbing from Perry in Davis Cup play.

The biggest upset since then happened recently when Helen Jacobs, last year's national women's champion, defeated Helen Wills Moody for the title at Forest Hills. Last year, you know, Mrs. Moody failed to play in the national tournament and Miss Jacobs won.

This year "Little Poker Face" walked on the court, after refraining from Wightman Cup play because of illness and, after losing one of two sets to Miss Jacobs, and being on the short end of a 3-0 score in the third set, walked right off.

She explained the illness she suffered during Wightman Cup play had returned and almost caused her to collapse.

That action of Mrs. Moody has brought up some rather nasty comment. It's being said that she should have finished out the set so as not to leave any shadow hanging over Miss Jacobs' victory.

However, one thing can be said in defense of her action—Mrs. Moody was gunning for her eighth national title, which would have tied her with Mrs. Molla Mallory. Her affliction must have been severe or she would never have passed up the chance to tie for that honor.

PSST! Football's just around the corner. And let's run the risk of predicting that:

Southern California will repeat on the Pacific coast—if St. Mary's doesn't get hot.

Tennessee looks like the good thing in the Southern Conference.

Michigan may win the Big Ten title—but watch Illinois!

Utah is again a cinch for the Rocky Mountain honors.

Texas Christian can't miss in the southwest—but it probably will just because Philip picks 'em—the old meanies.

In the east the same leaders of last year will be battling it out again—Brown, Colgate and Pitt, with possible strong competition from Army, Yale and, of all teams, Navy.

The fact that the Senators and the Giants are right up in there proves that Joe Cronin, left, and Bill Terry, bottom right, are two of those rare individuals who can do two things at once—play and manage. Helen Jacobs, upper right, doesn't seem as happy as she might be at receiving the national women's tennis championship cup after Mrs. Moody quit the court while trailing in the third set.

Johnson, Miss Hilda Miller.

Fairview Breezes

The rain which fell Sunday evening and night was appreciated by most farmers as wheat sowing was at a standstill, as it was too dry to sprout wheat. Work was resumed Monday noon.

Miss Mary Alice Rogers returned home from Seagraves last Tuesday. She had been visiting her sister Mrs. Harry Folk.

Mr. and Mrs. J. W. Wesley and baby Arlen Ray, Jimmie Carr, Jackie Sutton, Mary Alice Rogers, Eva Gazzaway, Jack Barnard, L. H. Barnard and Mike Barnard, all called on Othell and Elvin Wesley and Edith Gazzaway who are staying in Plainview attending Wayland College.

Mrs. E. M. Wilson is helping to can corn at Mrs. C. M. Rogers'.

Sunday School at the usual hour at Fairview. Everyone is welcome.

Chas. Sutton and son, Pete, were business callers in Canyon Monday.

Mrs. C. M. Rogers and daughter Mary Alice, called on Mrs. J. W. Wesley Friday evening.

Martha Sutton spent the week end with home folks.

J. W. Wesley was a business caller in Amarillo Saturday.

The Patterson family were dinner guests in the G. E. Wesley home Sunday.

H. B. Wesley visited Mrs. H. E. Wesley Saturday night.

Mr. and Mrs. M. J. Wesley and son Junior, visited with Mrs. R. L. Wesley Tuesday afternoon.

Mr. and Mrs. A. E. Wesley visited Mrs. J. W. Wesley Tuesday.

Mr. and Mrs. C. A. Murray and Mr. and Mrs. Harris M. Cook returned Tuesday from a vacation trip to New York.

CARD OF THANKS

We wish to thank our friends and neighbors who were so kind during the illness and death of our husband and father. They have helped us to bear our burden of sorrow.

MRS. J. C. CARVER
AND CHILDREN.

CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices.

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion.

Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.

Hopland Hopped Up About Hops

In one of the numereus kilns at Hopland, Calif., men are shown above stirring the drying hops which are nearly ready for market. In recent weeks the hop ranches in California's Redwood Empire section have bustled with activity, as the farmers gathered in a great harvest reminiscent of the pre-prohibition era.
